

**Conversations about both faith and climate change in Canada need some fresh voices. We're it.**

## **Faithful Voices Speakers Bureau**

Through Fossil Free Faith's BC Fellowship Program, our team has been grappling with faith and climate, theology and practice, pluralism and activism, and possibilities for our shared future. And they are ready to help ignite those conversations in your community.

Interested in having one of them join a panel at an event or conference you are organizing? Or guest-preach in your congregation? Or contribute to your newsletter, magazine or blog?

Read the speaker bios and find out more at: [www.fossilfreefaith.ca/speakers](http://www.fossilfreefaith.ca/speakers).  
Contact Christine Boyle to make a request: [christine@fossilfreefaith.ca](mailto:christine@fossilfreefaith.ca).
